RALEIGH, NC, August 21, 2012 — CapStone Bank has leased space in Cary with plans to open a full-service office later this year, according to Bob Branch, executive vice president and chief banking officer.

“Cary is a strong market for both business and personal banking,” Branch shared. “We already have a good team in place there, through Eddie Campbell and Mike Stellar, and this office will expand and support their efforts.” The full-service office will be located at 2000 Regency Parkway, Suite 150, a 3,155 square-foot space.

Eddie Campbell, senior vice president and Cary city executive, will continue to lead business development efforts for CapStone Bank in Cary, and Mike Stellar, senior vice president and relationship manager, will expand the bank’s reach in Cary and nearby markets through relationship development. The two commercial lenders have been working from a loan production office.

“We’ve developed a good customer base in Cary,” Campbell said. “The new office will add convenience for these customers and allow us to more fully-bank them through adding deposit relationships. We are excited about the new office, the location, and the opportunities it will bring to expand our presence here.”

CapStone is headquartered in Raleigh, NC and currently serves businesses and individuals in Wake County through an office on Falls of Neuse. The Cary office will be the bank’s second location.
